FOR YOUR INFORMATION: Please note that "Department Average" for each rating question is calculated using all sections in your department. This may include both Faculty and GSIs depending on whether the department has selected a question item to be used for both.

UNIVERSITY WIDE QUESTIONS (QUANTITATIVE/RATING):

The items in this section are asked across all courses at Berkeley.

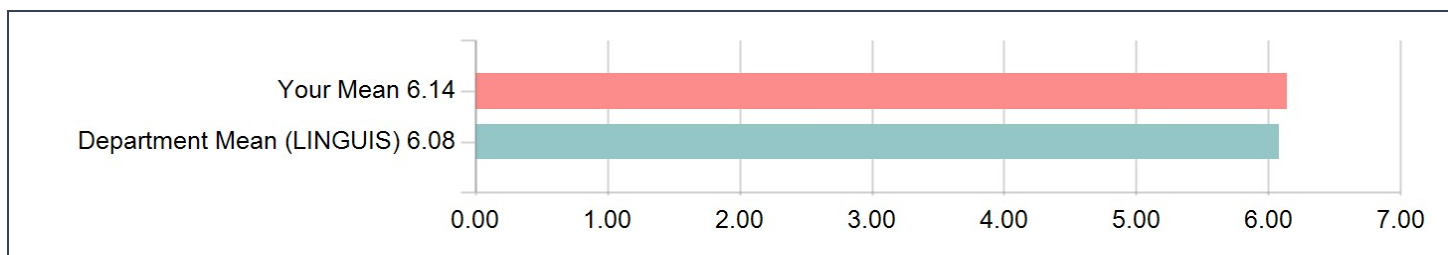

Considering both the limitations and possibilities of the subject matter and the course, how would you rate the overall effectiveness of this graduate student instructor?

Considering both the limitations and possibilities of the subject matter and the course, how would you rate the overall effectiveness of this graduate student instructor?

What did you especially appreciate/not appreciate about your GSI? What could the GSI have done to make your learning experience better? What worked well? What didn't work? What could be improved?

Comments
loved the chocolate covered espresso beans lol thanks for those, overall very good, could have explained a few things like phonemes/allophones a little clearer
I appreciate that my GSI is very helpful and has a great sense of humour which makes session fun and useful.
Honestly I loved Edwin. He was such a great GSI. In some classes, I feel uncomfortable asking questions because I'm scared of the GSI's reaction, but I never felt like that with Edwin. He was always supportive, made sure we understood everything, and was patient. He's so nice, definitely going to miss him! I think it's hard to teach with Zoom, but one thing I really liked about in-person discussions was how we would get into groups then write answers on the blackboard. If he didn't make us do that, a handful of people would have kept answering the questions, and others wouldn't participate. That method forced everyone to do work and collaborate, and if the answer was wrong, students wouldn't feel bad about themselves individually because it was a group effort.

What did you especially appreciate/not appreciate about your GSI? What could the GSI have done to make your learning experience better? What worked well? What didn't work? What could be improved?

Comments
Edwin was a really good GSI. He always explained everything very clearly and was helpful during office hours.
He always tries his best in answering student's questions and have great knowledge in his subject
Followed up on student questions he wasn't entirely sure about, made sure students were comfortable with the material he was teaching
Worksheets were fairly straightforward. There was nothing particularly bad about this discussion, it just wasn't super exciting. Felt like business that strengthened my knowledge, which can't be a bad thing.
Edwin is funny and approachable. Even though he sometimes (very rarely) gave a confusing/incorrect answer, he always corrected himself over email – and that's something I really appreciate. He's humble and relatable, and his passion for linguistics (and Shiba Inus!) is evident. Perhaps the only thing I would change is, I wish the GSIs would release homework grades sooner, so we could learn from our mistakes on the homework. Otherwise, everything was great. Thank you so much, Edwin and course staff, for a wonderful semester!
Edwin is very friendly and helpful. He leads discussions well and encourages participation
If I could thank Edwin in person, I would do it in a heartbeat. He was extremely helpful for me when it came to the class material. I also appreciated his honesty if he wasn't sure about the answer. I felt from other GSIs in the past semesters in other classes that they would just make up a solution that was technically not correct or aligned with the professor. So, I was very appreciative that Edwin would tell us that although he wasn't sure about one question, we asked the professor and promptly sent out an email to the students in his section to clarify anything. Thank you, Edwin, for your assistance this year!

Response Sheet Reports

Individual Student Responses

In addition to the aggregated feedback provided in this report, the response rate report displays de-aggregated feedback from each individual, anonymized student in order.
